May 10, 2018

Dear Leader,

Welcome to the 2018 Positive Youth Leadership Summit! The PYLS Planning Committee is truly excited to have you join us for this experience. We have worked hard to bring participants, community members and professionals together to enhance your own professional leadership and personal skills.

This two night, three day Summit has been planned around the importance of advocacy, leadership, and self-care. We hope you take full advantage of this opportunity: make connections, gain knowledge, and learn to apply new skills to create change in your community. Our goal is that you leave this Summit feeling empowered and confident to advocate for yourself and others.

There is power in your story and we hope this weekend will help unleash it. Empowering your story can allow you to advance your personal and professional endeavors. We are truly looking forward to getting to know you and working with you during the course of the Summit!

Sincerely,

Daryl Griffith
